Dear Mr. Boyle

I'm writing to you because we have received no response to the enclosed letters, dated March 16, May 1 and June 11, 1991 sent to Mr. John Oedzes of Brown Packing Co. And we feel that it may well benefit all parties concerned if we could work out solutions to problems without the need for a confrontational campaign.

It's been our experience over the years, in working with a variety of corporate sectors, that constructive dialogue is preferable and more productive than public confrontations. That responsiveness and involvement which is not forced and which is non-begrudging leads to the most rapid and enduring progress.

We would therefore greatly appreciate your facilitating an exchange of ideas between Mr. Oedzes and ourselves.

Sincerely,

Henry Spira
