DID YOU KNOW.....

...that Jane Evans is the new Humane Educator for Los Angeles SPCA?

...that Karen Engelhart-Brown of Palo Alto Humane Society recently spent some time with Barbara Westerfield and Joyce Malone at Central California SPCA's Education Center? Karen said the experience was a real "high."

...that Santa Barbara Animal Control has a new animal shelter at 5473 Overpass Rd., Santa Barbara, CA 93111.

SHARING SAM?.....

...YOU BET!! Sharing Sam (HSUS' flannel board pattern kit on pet ownership responsibility) is being put to use in some imaginative ways. Oregon Humane Society, 1067 N.E. Columbia Blvd., Portland, OR 97211, has developed a classroom program complete with Sharing Sam coloring sheets with overpopulation facts on the reverse side and a follow-up idea sheet for teachers. Or is it "Sharing Dixie"? Kerry Holt, Deschutes Humane Society, P.O. Box 867, Bend, OR 97701, is using her pet, Dixie, to reinforce her Sharing Sam classroom presentation. Dixie, who just happens to be a Springer Spaniel like Sam, has had a similar life. She, too, was a stray whose story has a happy ending. Kerry emphasizes that Dixie is spayed and why. Sharing Sam kits may be ordered from: HSUS, 2100 L St., N.W., Washington, D.C. 20037, for \$3.00 or \$2.00 if you are a NAAHE member.

GOOD NEWS!

An index for HUMANE EDUCATION is now available from NAAHE, Box 98, East Haddam, CT 06423, for just \$1.00. The index covers all issues of HUMANE EDUCATION from Fall 1977 (Vol. 1, No. 1) through December 1979 (Vol. 3, No. 4).

"PUTTIN' ON THE DOG".....

...to raise money for humane education is just what the Sonoma County Animal Control, 2555 Mendocino Ave., Santa Rosa, CA 95401, did when they held their Wine and Cheese Party at the Sonoma Vineyards. A good example of how animal control can find the money for a humane education program when there isn't enough public funding for it. Money raised for their Education Fund is separate from County funds and can be used only for humane education. For details, contact Kathi Prevost at the above address.

WANT TO WATCH WHALES?

The American Cetacean Society, 646 Nautilus St., La Jolla, CA 92037, has whale-watching trips. The ACS' primary focus is on environmental awareness through education and the objective of the trips is to provide a quality learning experience. For more information, contact the Society direct.

NEW FILMSTRIPS.....

...on energy and conservation are available from the Polished Apple, a division of Wilhite Productions, 3742 Seahorn Dr., Malibu, CA 90265. "Conservation for Children," is designed for primary grades and illustrates why we must conserve and cherish our natural resources. "The Solar Quest," is for older students and highlights the architectural realities of solar energy.

HUMANE EDUCATION HAPPENINGS.....

...is a cooperative venture. Have you sent in an item for it lately? Remember - SHARING is the key word.
